I received a call from Art Dohmann a few minutes ago. He was inquiring when the next meeting was going to be. I informed him Bill and Sam would be meeting with TCEQ and UEC on tomorrow to determine getting the information discussed during our last meeting and the next steps.

I also indicated that EPA would be asking TCEQ whether the proposed boundaries discussed during our August meeting would be formalized.

Art is interested in another meeting, as we had indicated during the August meeting. So, I told him that I would get back with him mid next week.
